

Pulse Market ESG

Revolutionise your Consultancy

Connect with organisations actively seeking sustainability experts on Pulse

www.pulsemarket.com

Attention Consultants - Share your expertise!

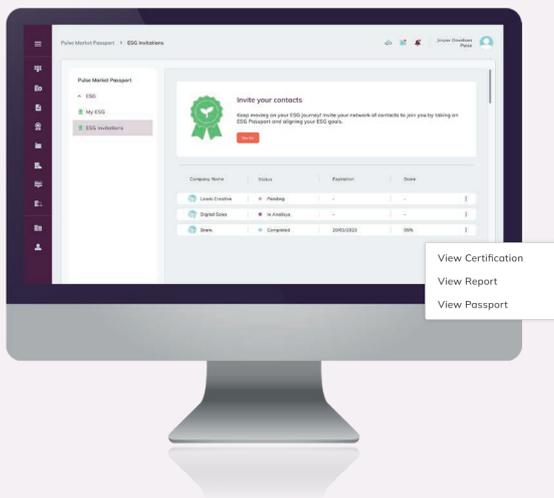

Elevate your consultancy in the fastest growing ESG community.

Join the only digital platform that offers standout solutions for Sustainability consultants and your clients.

Our ESG Community is revolutionising the way consultants and organisations connect and collaborate to do business better for good.

Together, we're making an impact by reaching ESG goals faster, setting sustainable standards for business and building a better future for all.

Benefits for Consultants

By joining Pulse Market, you'll connect with an international group of experts in the sustainability community. Collaborate with likeminded peers to access rich content, explore specialist topics and share in stimulating online group discussions.

Experience the efficiency of Pulse tools to help you improve your client engagement. Plus enjoy free promotion of your business to increase visibility via Pulse Pages, Data Rooms and ESG zones.

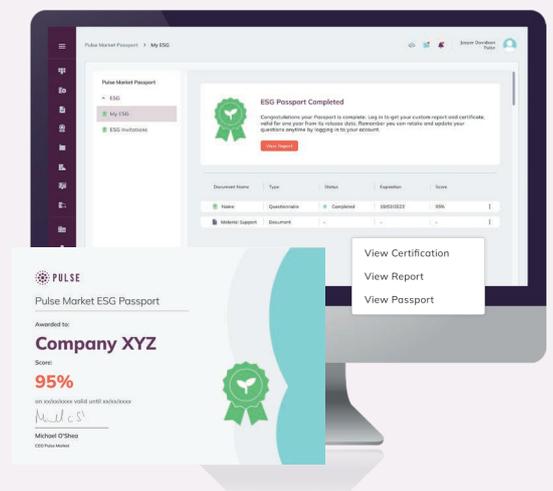

Open up exciting new lead generation opportunities and revenue rewards - plus, you can provide your clients with access to ESG certification via Pulse's ESG Passport.

Benefits for Organisations

By signing up to Pulse, organisations connect with expert sustainable consultants like you. Gain trusted advice, guidance, and support to keep up with evolving legislation and set out on a successful sustainable journey.

Businesses access the efficiency of Pulse tools to buy and sell with purpose and make an impact inside and outside of their organisation.

Taking the Pulse ESG Passport removes barriers in business and unlocks new opportunities. By getting an ESG certification it shows a serious commitment to environmental, social, and governance objectives.

“Pulse is catalyst for change that unlocks new sustainability-minded business communities around the world, creating the social and environmental impact that creates the trust and paves the way for the commercialisation of a more resilient green economy.”

Gavin Tweedie
Co-Founder and Director Net Zero Nation

Pulse ESG Passport

The ESG Passport, designed for SMEs, is the innovative solution for certification and supporting organisations’ Environmental, Social, and Governance goals.

Organisations evaluate their ESG progress and are guided to take proactive steps to adopt responsible practices. Also shows an ongoing commitment

to monitoring, measuring and transitioning to a decarbonised and fairer economy.

The ESG Passport includes:

-  • ESG Questionnaire
-  • ESG knowledge guide

-  • Response Report
-  • ESG Passport (1 full year)

-  • Action plan
-  • Access to Pulse Market Platform

About Pulse

We’re Pulse, a tech start-up shaking up the way companies buy goods and services. At Pulse, we’re committed to helping businesses transition to a decarbonised and fairer economy.

Founded in 2021 we’ve developed an innovative digital platform that makes buying easy, collaborative and transparent.

Our platform is designed to ensure best practice, due diligence excellence and efficiency in businesses with solutions that transform ethical purchasing for superior supply chain management.

We work with businesses and sustainable consultants to bring about collaboration and a community equipped with technology and ESG knowledge to deliver a positive impact. Not only because it’s the right thing to do, but also it makes good business sense. Join us?

Let’s talk

Talk to our CEO Michael O’Shea today about exclusive benefits and rewards for consultants.
